DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 4-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 4, lines 7-8, it is not clear what is meant by "removing paths from the base stations."

Regarding claim 5, lines 3-4, it is not clear what is meant by "synthesizing paths from the same base stations."

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach a cell search determination circuit comprising the average operation means combined with the threshold operation means and comparison means as recite in claims 1 and 3.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
